

# TÜBINGEN SPRING SCHOOL

## „METHODS TO STUDY THE BRAIN IN ACTION“

**MARCH 19-23, 2012**

**GRADUATE TRAINING CENTRE  
OF NEUROSCIENCE  
INTERNATIONAL MAX PLANCK  
RESEARCH SCHOOL**

This spring school addresses doctoral students who employ in their thesis project brain imaging or recording techniques (**fMRI, MEG, EEG and/or TMS**) and who would like to get further insight into specific, state-of-the-art applications, data analysis and new developments in these fields.

The level of teaching will be suited for advanced doctoral students with at least some expertise and hands-on knowledge in one of the methods covered.

**The spring school comprises**

- talks by experts in the field
- poster presentations
- visits of local laboratories
- discussion sessions
- group work of students
- guided city tour
- dinner party

For further information on topics & speakers and on the application requirements (letter of motivation!), please visit our website:
